XCubeNAS 8012R

XCubeNAS 5004R

Richfield Bloomington Credit Union RBCU

THE ORGANIZATION

As the credit union founded by Richfield School employees, we are especially proud of our commitment to member education – a commitment proven by nearly 60 years of service.

As a member of RBCU, you can be comfortable knowing that we are here for you year-round – 24 hours a day, 7 days a week. We make our member's problems our problems. We are here to answer your questions and to help you make the financial decisions that will improve the quality of your life.

A wide variety of affordable financial services is available to you, and the thousands of people like you, who may belong to RBCU. Membership in the credit union is open to those who live, work, worship, volunteer, or go to school in the communities/geographical areas of Richfield, Bloomington, Edina, Fort Snelling, or the Minneapolis/St. Paul Airport.

THE CHALLENGE

We needed network-accessible storage that is reliable, user-friendly, and provides ultimate security for our customer's sensitive information.

THE SOLUTION

JetStor's storage saw our challenge and raised the bar. After only one hour of unboxing, we had them as a part of our storage infrastructure, providing a backed-up copy of our entire database.

SYSTEM CONFIGURATION

• Qty 1 - XN8012R with 8Gb cache and qty 11 - 8TB SATA 6.0Gb/s HGST Ultrastar He8 3.5" HDD

• Qty 2 - XN5004R with 8GB cache and qty 4 - Seagate 6TB SATA 6Gb/s 7200RPM 512E 256MB 3.5" HDD

BENEFITS IMMEDIATELY REALIZED

Very affordable price for such a high-quality storage solution. Rich functionality. Easy to connect and integrate into any environment. Most of all, managing the NAS is a task any user could do.
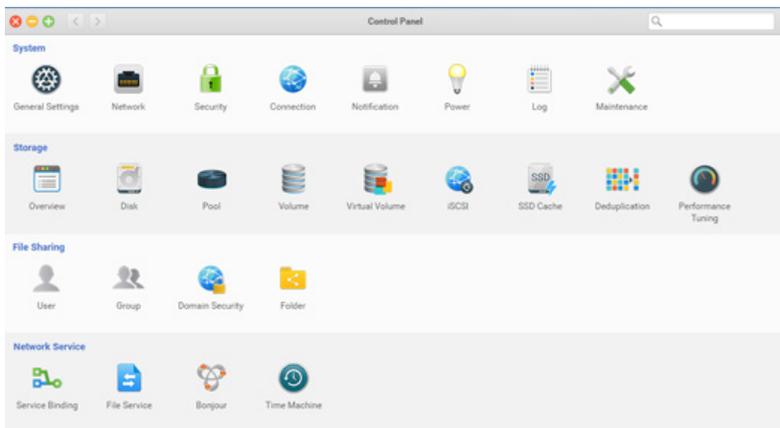

Recommended Features: QSM NAS GUI is extremely easy-to-use, even without a manual. It offers many network and storage options – Xfinder is also a very helpful utility.

ABOUT ADVANCED COMPUTER & NETWORK CORPORATION (AC&NC)

AC&NC™ / JetStor meets the evolving needs for data storage, protection, and management. We leverage leading technologies to offer high-value solutions for NAS, SANs, clouds, and hyper-converged infrastructures (HCIs). Since 1994, our customers have spanned virtually every industry, and range from Fortune 500 enterprises to small and medium-sized firms. We support environments from data centers and clouds to branch offices and remote sites.

ABOUT BYTESPEED

ByteSpeed has been a leading IT solutions resource since 1999. We provide customized computer hardware, enterprise networking solutions, and professional IT services nationwide. ByteSpeed is headquartered in Moorhead, Minnesota. We have a proven track record of excellent customer service, offering a more personal level of service and support than larger vendors. ABOUT QSAN

QSAN Technology, leading storage technology designer and manufacturer, was founded in July 2004. Building on our vast experience in the industry, QSAN strives to build enterprise class storage systems that pride ourselves with outstanding performance, secure data protection and comprehensive data management. QSAN endeavors to provide the industry with high quality data storage systems that are simple, secure, scalable and reliable.

"JetStor and ByteSpeed provided us with three XCubeNAS units which are exactly what we were looking for. These NAS units are feature-rich for the performance and security-demanding enterprises. JetStor storage is outstanding, and we are happy to use them in our storage environment."
